CONVOY Lavido

FULL ACCESS FROM THREE SIDES

— KESSEBÖHMER —

GREAT FLEXIBILITY AND STRIKING LOOKS. CONVOY Lavido HIGHLIGHTS THE WIDE SCOPE OF THE WHOLE CONVOY SYSTEM. The Lavido fitting moves independently of the front panel, so that it can be combined easily with different cabinet concepts – behind sliding doors, for example.

This attractive fitting for tall storage units is the ideal solution for contemporary kitchens, and also for wider use, for example, in dining rooms or offices. A number of intelligent details make it a premium product in terms of technology too.

Minimalist design and cantilevered "floating" trays – with the new CONVOY support post.
