

PLENO PLUS LARDER UNIT SYSTEM

Split shelves for an unbeatable overview

DESCRIPTION

Just one gentle tug brings all the shelves – even the top one – out at the same time for an unbeatable overview of the unit's entire contents. You know exactly where to find what you want and you do not need to waste time searching for it. All the items stored in the unit are always within easy reach thanks to the split higher shelves: items can be stored on the shelves inside the unit or the shelves in the door.

FEATURES

- › Just like in a fridge, the unit's contents are distributed across the door shelves and the pull-out
- › Smaller groceries and spice jars in the door shelves
- › Bigger bags and groceries in the top of the pull-out
- › Large pots and dishes in the bottom of the pull-out
- › The larger shelves slide out of the unit automatically when the doors are opened
- › Everything in the unit is easy to reach – even items stored on the top shelf, since the shelves are only half the depth of the unit
- › A full overview in just one easy step
- › All the shelves slide out at the same time
- › A time-saving solution > No more rummaging around
- › A clear overview means no more spoilage
- › Height-adjustable shelves
- › Easy installation
- › Just one set of fittings allows full use of all the space in the unit, even the top shelf
- › Can mounted on the right or on the left
- › Soft opening and closing
- › Mounted on ball bearings for smooth movement
- › Push-to-open: Opens handle-free unit fronts by around 40 mm
